# HARDING LAYS WREATH ON TOMB

## Simplicity Marks Today's Ceremony For The Unknown

Nothing of the Glamor of  
Last Year's Event Is Seen  
—Harding Missed by the  
Crowd.

(Associated Press Leased Wire.)  
WASHINGTON, Nov. 11.—America's tribute to its unknown soldier was paid through President Harding today with a simplicity strikingly at variance with the splendid ritual of honor which marked his home-coming a year ago.

Today there was no spoken word to stir echoes of the solemn chords and expressions of high resolve at a year which will must linger amid the marble arches of Arlington Memorial Amphitheater where the honored dead keeps vigil.

A distant thudding of saluting cannon, the ring of sharp hoofs on the hard roadway a local command, a stilled flourish of trumpets as rifles leaped up to present and the President had come to place a wreath on the sleeper's tomb and gone again almost before the few hundred who awaited him realized that the ceremony had begun.

On the terrace facing over the haze-shrouded river and the sky beyond, a thin line of comrade soldiers, sailors and airmen was drawn up facing inward toward the big white block of stone marking the resting place of the unknown.

The troopers turned aside to stand with sabres at present as the President's car rolled on toward the terrace. The bugles of Boy Scouts called softly. President Harding, Secretary Weeks and his cabinet stepped out to stand with heads bared as the soldiers and sailors and marines presented arms.

The President stepped forward bareheaded and took from his military cap the wreath of red, white and blue blossoms brought from the White House.

They stood hat in hand as the President walked to the stone and set the wreath gently against it. As he drew back to pause a moment looking at the tomb he slowly raised his hand in military salute. Then he turned away. Mr. Harding and his cabinet, who stood in low-toned talk, a speech as they waited for the cars with a final salute from the troops they roiled away and the dying clatter of cavalry left the spectators to drift homeward and the unknown to the keeping of the peaceful hills about him.

## No Development At Turk Capital

(Associated Press Leased Wire.)  
LONDON, Nov. 11.—The situation at Constantinople where the Turkish nationalists want the allies to get out and the allies are determined to sit tight is very critical, the papers agree, but none furnished definite news today.

Even the government itself is declared in some quarters to be largely in the dark owing to the difficulty of communicating with the near east as a result of the cutting of the cable at Chanak by the Turks.

Even this fact is regarded as ominous. Absolutely nothing can be learned about the present attitude of equally in the dark as to if the allied commissioners have carried out their threats to establish martial law in Constantinople.

This tumult, that guiding star which God himself set with His own hand in the firmament of fate, still gleams in Washington. Time will vindicate your memory and your fame, like truth will in eternal.

Among other States, Virginia, your home, deserves to be foremost in presenting its tribute. In people love you; their leaders honor you.

"And so, on this occasion, I, as Governor of Virginia, send to you my little daughter, Helen Sue, laden with flowers from this the Commonwealth of your nativity. Accept, on behalf of the people of Virginia, this fragrant tribute of affection. The love of a child, the honor of the people of a great and sovereign State, the fragrance and purity of flowers—such are the symbols with which we today seal our allegiance to the greatest man the modern world has known."

Mrs. Trinkle and her little daughter left here early this morning for Washington, and it is possible that they will be the guests of President and Mrs. Wilson until Sunday afternoon, when they will return to Richmond. Mrs. Trinkle and Mrs. Wilson were neighbors in Wytheville, the birthplace of Mrs. Wilson and of Mrs. Trinkle.

MISS CONWAY WILL  
BE MARRIED TONIGHT

A wedding of general interest will be solemnized at the First Baptist church at nine o'clock tonight when Mrs. Margaret Conway, daughter of Mr. and Mrs. Powhatan F. Conway, will marry Mr. Edward C. Warner, Jr., of Richmond, Virginia.

The damsels of honor will be Mrs. E. Jennings, the bridesmaids, Misses Jennings Conway, Lucy Lee Fitzner, Mrs. Elizabeth Penn, Barbara James, Mary Spencer, Margaret Gold, of Greensboro, N. C., Kathryn Stokes of Morestown, N. J., and Mrs. C. A. Gregory, of Richmond, Virginia. Captain B. Dunlop of Petersburg, Virginia, will be best man, and the usher will be Messrs. James Turner Ham, Jr., Coleman B. Conway, Curtis H. Dodson, and A. Hunter Sutton.

Robert L. Prown and F. DeWitt Adams of Richmond, Virginia, Rev. G. Scott of Richmond, and Dr. J. E. Hicks, of Baltimore, Md., will be the celebrants.

A reception at the home of the bride will follow the church service. The old order changes, giving place to the new, and God reveals himself in many ways. Nor is it too much to express the conviction that, out of the cataclysm of battle which men swept Europe like a tornado of death, out of that era of destruction which men term the World War, out of that last period of devastating and unending war which like a bloody scourge lashed the western nations into a frenzy, Jehovah raised up over the blackness of chaos one other star of light—when men called Woodrow Wilson.

"And though clouds of factional political strife like lightning and tempests may for a brief period of time, seem to obscure the rays of that plan, yet we are taught that judgment shames us, and we know that the sun will return to its former brightness."

Having fought the good fight, having won the faith, it is well that the Captain of Truth, the Leader and the Friend of the People, should withdraw for a time from the conflict. Blasted by party jealousies, circumstances led him, a sense of obligation born of small party affiliation, men caused to divide the nation in this era of transition, stumble like children wandering in the dark.

"It is comforting to the soul of man to realize that in the midst of

## Car Takes Fire In Gas Station

N. E. Gallagher, proprietor of the O. K. Service station was painfully burned this morning at 10:25 o'clock when while in the act of filling the tank of a car, which can be belonging to C. Sparrow, 21st Thomas street, the fluid took fire and flared up. Alarm No. 15 was rung at the corner of Bridge and Main streets bringing out all of the city's fire fighting apparatus. From what the fire chief could learn Mr. Gallagher and Mr. Sparrow were smoking cigars in proximity with the tank and that this caused the car to ignite. The machine was not badly damaged. Mr. Gallagher's clothes caught fire and before they could be torn from him he had suffered bad burns about the arms and the neck. He was taken to the office of a physician.

Fire Chief Mitchell caused the arrest of A. B. Brown, of Shook and J. C. Dalton on near Clarendon, both farmers who were charged with obstructing the passage of the North Danville fire engine on the bridge. The fire chief said that the cars ran ahead of the fire engine and that despite warning signals they failed to allow passage to the motor engine speeding to the fire. Mayor Woodring released both men on hearing that they were non-residents and unfamiliar with the city ordinance, which requires that motorists pull to one side of the street to give right of way to fire apparatus.

THIS is a photographic reproduction of the "cease firing" order issued by American general headquarters to the United States troops at the fighting front in France—an armistice had been signed in the world war.

The order, as will be seen, was addressed to the First, Third and Fifth United States army corps and to the Second Colonials of France.

From the copy reproduced, the ad-

dress to the First and Fifth corps and to the Colonials was erased, for relay of the order to the Third corps.

The released telegram containing the order to cease firing on the stroke of 11 on the historic November 11, 1918, was brought back to the United States by William Morey, a telegraph operator at first attached to Company B, 319th Field Signal Battalion, which

became the First Signal Corps on ar-

iving in France, and later transferred to Company C.

Morey resumed his old position with the Western Union Telegraph Company, in Dayton, Ohio. He died a year ago and the cease firing order and other messages of historic value were found among his effects.

### Master Sleuths Comb Lon- don for Criminal—Many Notables Told to Be Careful.

(By the Associated Press.)  
LAWRENCE, Kan., Nov. 11.—Potash beds large enough to supply the entire American demand for fertilizer and perhaps provide a surplus for export are likely to be discovered in western Texas, according to H. J. Hoots, now an instructor in the department of Geology in the University of Kansas. For the past year Mr. Hoots, as a member of the United States Geological Survey, carried on investigations in the prospective fields.

In a territory extending approximately 125 miles north and south and an equal distance east and west along the new Mexican border, strong indications have been found of what is perhaps the largest salt bed in the world.

Surveys indicate approximately 15,000 square miles of prairie country underlaid with a bed of rock salt that ranges from 40 to 1,500 feet in thickness. This salt bed lies at a depth of 300 to 2,300 feet, making it convenient for mining operations.

The conditions which are favorable to the formation of salt are favorable also to the formation of potash.

Four test wells are to be sunk this winter to get accurate figures about the underlying strata. Only well already in under way and the core is being preserved to show the thickness of the different materials penetrated.

If these test wells result as expected in showing the value of the deposits, other tests will be made to determine the limits of the field and the location of its richer parts.

Minor test wells at Meads, River Bryant, Burns, McDowell and St. Rita have produced the raw potash but not on a production basis.

"If this potash field proves what is expected," said Mr. Hoots, "it will not be long before the United States has found an internal source which is needed so much not only as a soil fertilizer but also, in the manufacture of soap, glass, explosives and medical supplies. Comparatively little potash is now being obtained in the United States and what there is now comes from western Nebraska, Searles Lake, California, and the great Lake region in Utah."

MAKES EFFORTS TO  
PROCURE THEIR RELEASE

WASHINGTON, Nov. 11.—The two American missionaries reported held in bands in India are named Forsberg and Landenius, according to a message received by the State Department. American Minister Schurman has asked the government to procure their release. Forsberg and Landenius whose religious connections are known here are said to have been among a dozen captured workers found on the British India ship.

Landenius was held by different bands from which captured McSoderstrom, she reported and the two Americans together with other missionaries and two railwaymen were with Legard. He was warmly clad, she said but was anxious over his wife and child, both at home. As the bands were moving constantly, the present location of captives not known. Efforts are being made to trace the bands.

THE SULTAN AT MICCA  
OF REACTIONARIES

CONSTANTINOPLE, Nov. 10.—The Turkish Sultan is virtually at the mercy of the Nationalists, should they decide to make a descent in force on his palace and attempt to carry him off, as is feared.

His own guard has gone over to the

Kemalists and only nominal protection on the part of allied troops seems to be given him. The correspondent found only two guards on duty.

While the situation in the capital is expected to be quiet, it is surrounded by seven trusted Turks,

who remain at his side day and night.

The Sultan, it is said, has formally

appealed to the allies for protection but it is believed they could present a hostile Nationalist coup only if martial law were declared.

Mr. Horace George M. Rumbold, the

British high commissioner and Gen. P. P. Polk, high commissioner of

France, have been the only visitors at the palace since the decision of the

Anglo government last week not to

recognize the Sultan's temporal authority.

## NOELL CASE TO BE ARGUED IN SUPREME COURT

It was learned here yesterday that the next case to be called by the State Supreme Court of Appeals is that of W. Y. Noell against the Commonwealth. Noell was convicted at his second trial of her assault upon a young girl, Nora Gee, and sentenced to one year in the penitentiary. Appeal was taken and the case now comes up for argument before the highest tribunal in the State. It will possibly be two months or longer before a decision is rendered.

### BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the body and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c.

## TANGERINE WAS ATTENDED BY A LARGE AUDIENCE

One of the largest audiences which has attended any theatrical performance at the Majestic Theatre in recent years assembled last night to enjoy the great musical comedy and satire on marriage and divorce known as "Tangerine." And the entire crowd thoroughly enjoyed an unusually diverting and laughable entertainment filled to the brim and bubbling over with graceful and beautiful dancing, tuneful and catchy music and some of the cleverest comedy seen and heard here in years. It was on the whole a brilliant success and was just the type of entertainment which the people most enjoy. It may be said that there is no star but a constellation of comedians and dancers and some unusually good voices for this popular type of entertainment. Never had a more beautifully costumed play been given here nor one in which the artistic blending of colors and the freshness of the costumery been more striking. The stage settings, too, depicting an imaginary tropical isle in the moonlight elicited admiring comment.

"Tangerine" is a brilliant satire on modern marriage and divorce, and one with a practical and wholesome lesson within. Incidentally it is a play which should appeal to wives particularly, for it emphasizes the irresponsibility and responsibility of women in domestic life and the failure of men to appreciate woman's lot. On the other hand, it amusingly indicates how the new freedom of woman and the subjection of men falls on the women even while the men are sufficiently amused with their domestic roles. But the whole comedy is built for purposes of fun and entertainment and literally foams over with it. It is interpreted by a group of clever comedians of various types including three in the role of divorced husbands jailed for payment of alimony, an ex-prisoner of the same type who became a lord of a tropical isle and is supported and attended by a tight service and obedient wives. An ardent suitor whose charms are distrustful of the serenity of the matrimonial seas and all the other varied types who can contribute variety to comedy and display nimble heels and toes, not to mention a liberal portion of symmetrical human anatomy.

Mrs. Loretta Sheridan, as Shirley Dalton, skeptical fiancee of "Dick Owens," portrayed by O. C. Reese is delightful to look at, graceful and skillful in her dances and really appears to extract as much pleasure from her work as she imparts. Not beautiful, perhaps, measured by analytical artistic standards, she is a beaming and blithedom personality who meets all the requirements of the role. Mr. Reese is hardly less natural and easy in his role. Johnnie Fields is the leading comedian, but he has little on Karl Neilson, George Phelps and George Fising, whose comedy is really funny and at no time overdone. Neilson is a scream in appearance and in his interpretation of the blouse role he essay. The other feminine and masculine roles are capably filled, with the result that "Tangerine" does not have to be peeled to be appetizing and delectable and has just the tang its title indicates.

The show began a bit late, owing to delays in getting the scenery and properties unloaded and then hurried up town and placed, but the audience was not long in coming, and was too interested to note that the show ran until a quarter of 12. Such a house can do so responsive stimulated the performer to their best efforts, and the delightful music, nimble and clever dancing and spirited comedy absorbed the attention of those witnessing the show.

### A. W. CANTER DIED LAST EVENING

A. W. Canter, 51 years of age, for the past twenty-five years a resident of Danville, and known and liked by every one, passed away at Edmund hospital last evening at 7 o'clock after a lingering illness.

Mr. Canter came to this city in 1895 and entered the grocery business. Some years ago he gave up his business and went on the road for the P. N. Money Pickle Co. of Richmond. His work carried him all over the United States. Deceased was born in Winchester, Va.

He was one of the most genial of men and greatly loved by his friends. He is survived by his widow, who was Miss Matilde Bethel, and three children, two girls, Misses Sarah Wise and Sue Bethel Canter, and one son, William Bethel Canter. The funeral will probably be held Sunday afternoon, definite announcement to be made later.

# MURDER ORGY IN ARCTIC AS ESKIMOS PUZZLE OVER LAW'S STRANGE MERCY

MONTREAL, Nov. 11.—Ouangwak, the Eskimo has gone back to his Arctic home very dubious about civilization.

Ouangwak killed two other Eskimos, was captured after a 2000-mile chase, was well fed and treated kindly during the two years he was held prisoner, was tried by a white man's jury and found guilty, then was pardoned and allowed to go home.

"Why don't you shoot me?" he said in his own language to Sergeant W. O. Douglas, of the Royal Canadian Mounted Police, who suffered two months of hardship in his long chase to the scene of the crime, 150 miles north of Chesterfield Inlet, at the northern tip of Hudson Bay, almost inside the Arctic Circle.

"That is not the law," said Sergeant Douglas.

Ouangwak trembled when at last in Montreal he faced the strident, silent, ominous men in the courtroom.

"Why doesn't the Big-Chief-Dressed-Like-A-Woman shoot me?" he said, pointing to the judge.

The Eskimo, who frankly admitted killing two brothers, Ang-allow and Alecumnick, and stealing the wife of one of them, couldn't understand.

Nor can the other Eskimos in the Canadian Northland. The white man's laws puzzle them. They didn't understand that Ouangwak's chase and trial cost a great deal of the white man's money—and it was all for nothing.

The cost of capturing him, bringing him back, and trying him was probably \$8,000.

Was it all for nothing? Men of the Royal Canadian Mounted Police think not. For suddenly there have been more murderers by Eskimos. One of them, Alukousik, has confessed to the killing of Corporal Douk of the mounted, and Otto Bunder, of the Hudson's Bay Company.

No more will be brought all the way to Montreal. Inspector Wood of the mounted is giving them preliminary hearings at Herschell Island, and a special court will be established in the far north next spring to try them.

**Teaching Them Justice.**

"The Eskimo mind cannot understand," said Inspector Wood. "When they kill, they expect to be killed. We take them away and their friends give them up for dead. Yet they come back—free. We've tried to teach them the lesson of justice—but it has missed fire."

The chase after Ouangwak, first Eskimo to be tried for murder, began December 13, 1919 and it was February 7 before Douglas, despatched by frightened Eskimo guides, reached the igloo of the Pad-ayut band, 120 miles north of Baker Lake. Eating frozen reindeer meat with the chief of the tribe and smoking pots of tobacco he finally learned the killer's whereabouts.

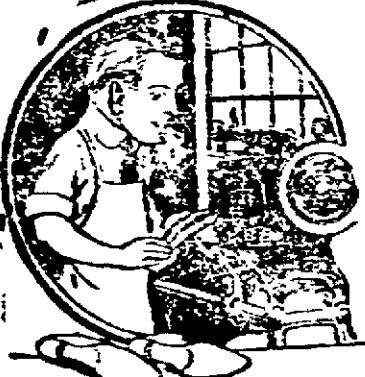

The return trip to Fort Nelson, Manitoba, on the Hudson's Bay shore of Hudson Bay, lasted until April 2. The two parties went to Wapiti and later to Mont'ell in August, a trap covering months was made back to the scene of the murder on the Hudson Bay shore. A son and on the second trip to Montreal last summer Ouangwak was tried. He has just returned to the Baker Lake region.

## Scoop's Column

Pleasant Gap, Nov. 11.—(Grapevine Wireless.)—Four years ago today, it does not seem so long in the rapid march of events. Peace came in that early morning hour. Nations born in the greatest of all wars stood in awe and silence as tears of joy seeped their broken spirits. How the whistles blew and the bells chimed the glad tidings upon the dawn of a new day. Our own boys carried Old Glory to foreign shores to turn back for ever the hordes of Imperialism. And they never coming home, victors in a righteous cause! How our hearts swelled with pride.

These boys in khaki offered their all to defend this land. Did we send our sons "over there" with the thought that it was necessary for our own protection? The answer comes in the free, devil-may-care words of the grizzled Sergeant at Chateau Thierry. "Come on, you sons o' guns! Do you want to live forever?" It re-echoes itself in the American commander-in-chief: "Of course we're ready!" And, "Sorry, Sir, but these American boys just don't know how to retreat!"

This afternoon and tonight Danville will turn out and honor the memory of her forty sons who paid the supreme price. To them we owe an everlasting debt. As they marched for us in those dark days, so will we pass along and pay homage to their memory in the peaceful twilight hours of this memorial day.

There is but one gift that all our dead desire. One gift that men can give, and that's a dream. Unless we, too, can burn with that same fire. Of sacrifice, die to the things that seem. Die to the little hatreds, die to greed. Die to the old ignoble selves we knew. Die to the base contempt of sects and creed. And rise again like these with souls as true.

Nay, since these died before their task was finished) Attempt new heights, bring even their dreams to birth. Build us that better world, oh, not for us, but for posterity.

"Have you got so you can distinguish classical music?" asked Mrs. Newrich.

"I think so," replied her husband. "When a piece thrills every minute to be a tune and always disappoints you, it's classical."

The Shops of Christmas. Sooner than anywhere, even in dreams, it starts in the shops, or so it seems. And there is twinkles and there is a glow. Before the memory of autumn goes for the shops must be ready, you see, to meet. The needs of the people of Christmas sticke.

The window shoppers were out today. And you should have heard what they had to say! Some were talking of furs and capes. And some of dresses, all colors and shapes. And some went smiling with heart or joys. To think of the books and the candles and toys.

When it isn't Christmas in outdoor feasts, The shops of Christmas are Christmas for real. And in themselves are laden, the cases, snuff. With beautiful trinkets on counters fine. And all the loveliness seems to say— "It'll not be long 'till its Christmas Day!"—Bentzton Baird

TODAY'S MONUMENT APPEAL.

Armistice Day always brings with it memory of the riotous surge of emotions which were felt the world over when the magic words came that a general order to cease firing had been given by the warring elements. We all gave way to the tremendous reaction. The mental suspense of the hectic years of battle collapsed suddenly with a general realization that the foe had been fought to a standstill and that presumption of carnage was hardly to be considered. This is the fourth celebration of that historic day when we can look back with clearer perspective of those days. For Danville at least it is the most important celebration of the armistice that has been seen, for, by what we do today we will be judged in the future.

We refer specifically to the launching of a movement to erect a monument to the men from Danville who saw service—this to be our permanent memento to them just as the confederate monument stands as a memorial to the men of the South who took up arms in its great cause. This is the last war "drive"—the last opportunity Danville will have of showing its patriotism by the length of its purse in making possible a monument which will be symbolic of Danville's exceptionally fine response to every appeal which was made during the war. The group of ladies who feel that the time has come to record permanently the service of the men from the community have launched this movement to obtain \$25,000. Barrels have been placed conspicuously in the streets and into these the people of Danville, man, woman and child are urged to contribute their part to the monument.

It will be a splendid thing if the community responds voluntarily to this appeal for funds and if the full amount can be raised in a day. It will be the climax of the war effort and it will put Danville in the one hundred per cent class of patriotic response.

## ROANOKE BEATS DANVILLE HIGH

ROANOKE, Va., Nov. 10.—Roanoke High school ran rough shod over the Danville football eleven here this afternoon and incidentally won the championship for the western half of the State for the third successive year.

The visitors' line failed to show any appreciable strength, the Roanoke backfield charging through time and again for long gains. Roanoke also used the forward passing game to advantage.

In justice to Danville it must be said that Roanoke outweighed Danville 29 pounds to the man. The visitors fought hard all the way, but were simply outclassed.

The game was pretty rough all the way, a number of players on both sides being knocked out.

Toward the last of the game Roanoke sent in many reserves and these second string men continued to score on the visitors.

**HARVARD AND PRINCETON CLASH**

NEW YORK, Nov. 10.—The first of "big three" football classics—the Harvard—Princeton clash at Cambridge—overshadows all other games on eastern gridirons tomorrow. Both elevens appear to be evenly matched and the outcome probably will depend on the breaks of the play and the individual efforts of one or more players.

Other important contests between apparently evenly matched elevens will be Army and Notre Dame, Pittsburgh and Pennsylvania, and Bucknell and Lehigh.

Contests in which this approximate equal strength does not appear to exist include Cornell vs Dartmouth, Maryland vs Yale, McGill vs Syracuse, Navy vs St. Xavier, and Lafayette vs Rutgers. One general form no upsets are anticipated.

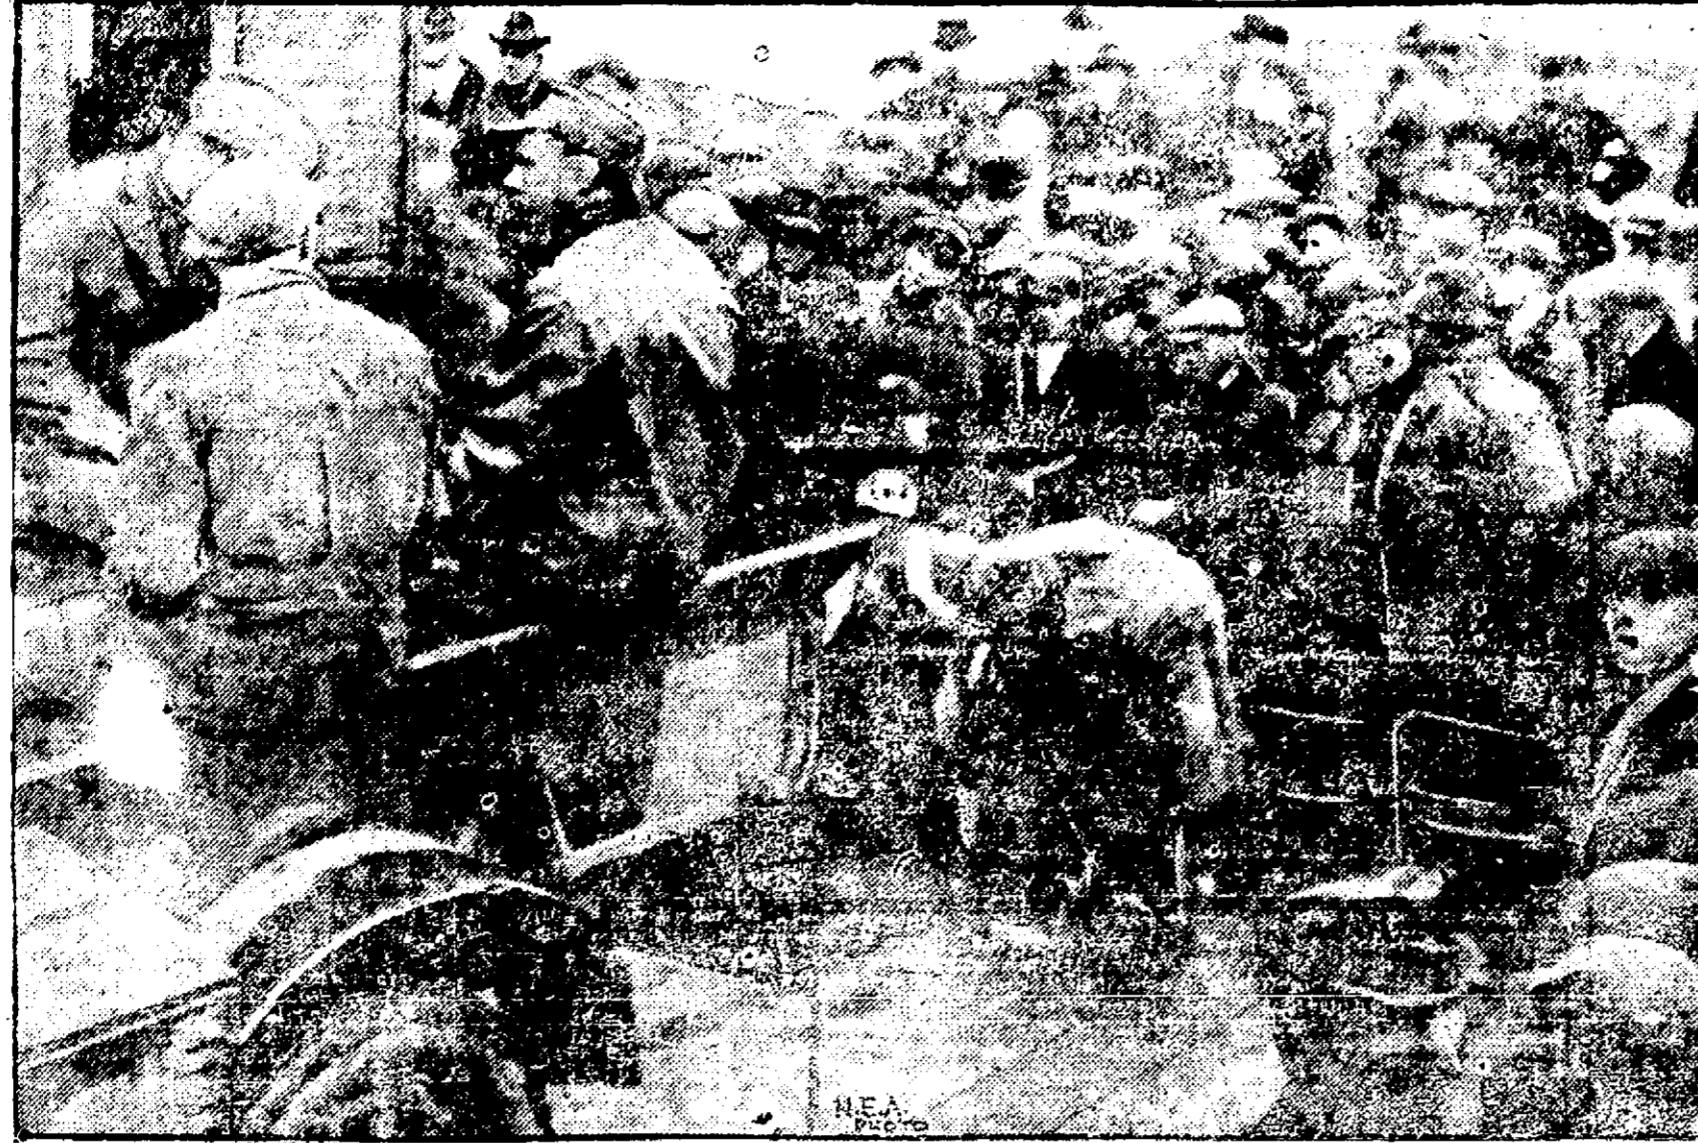

Princeton is determined to defeat

Harvard. The Tiger has not won

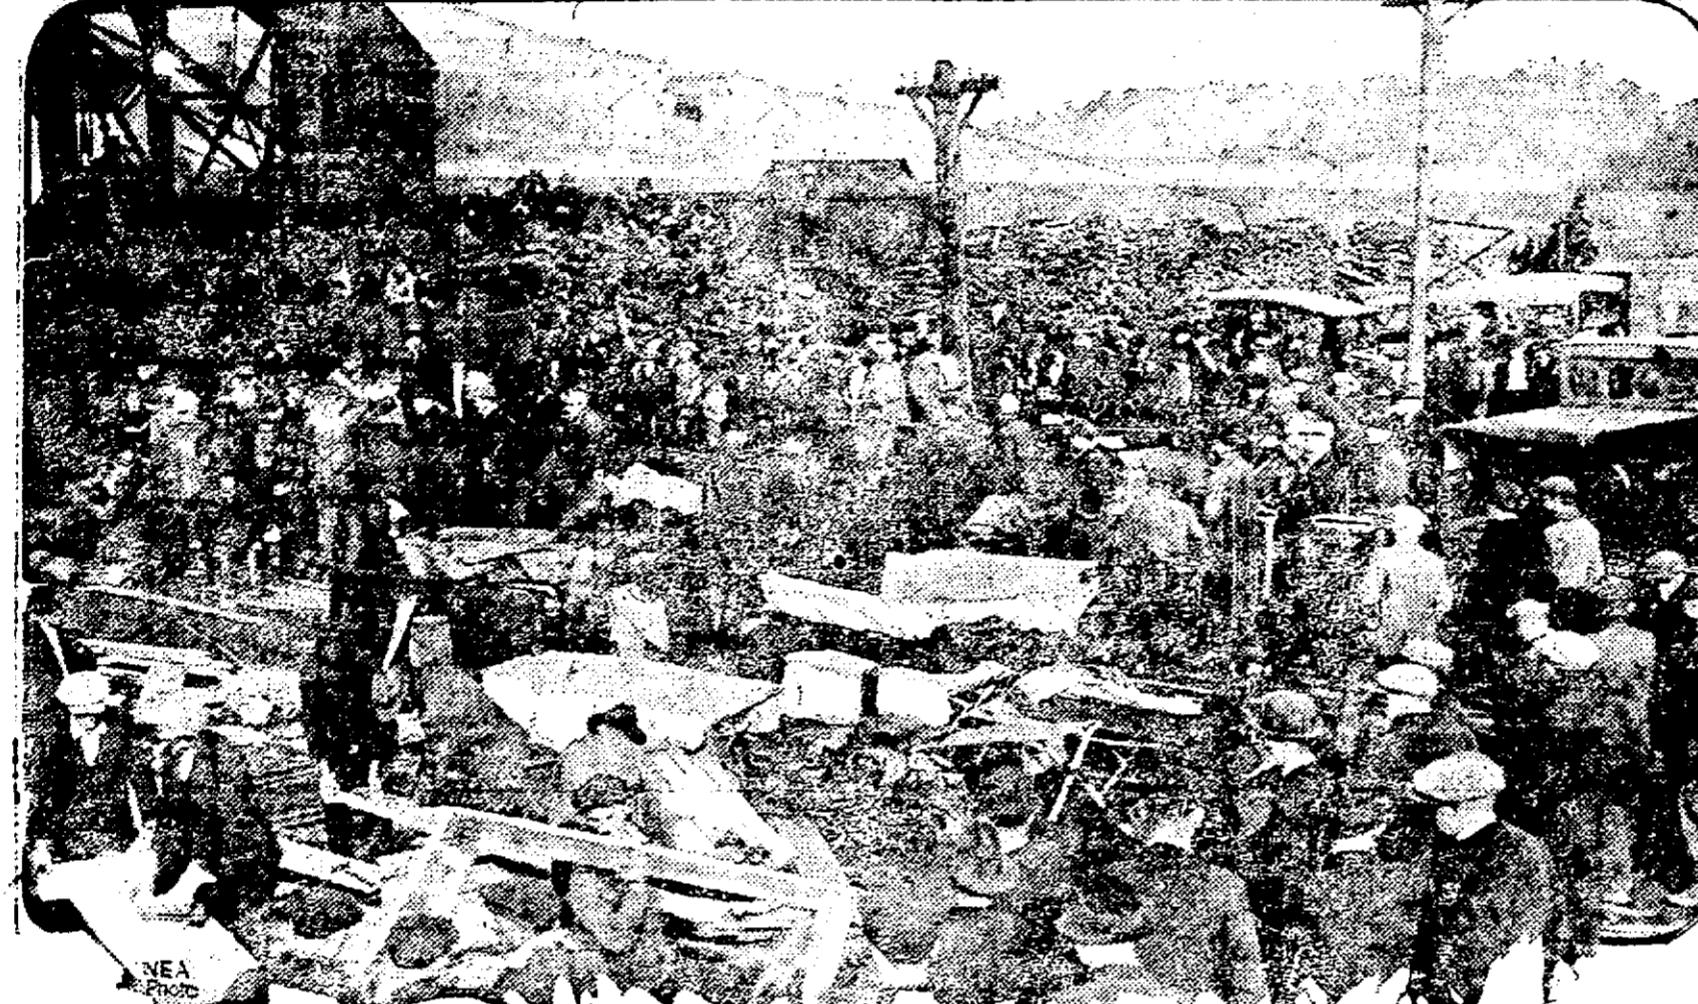

from the Crimson on the latter's

home gridiron since 1896.

## WHEN SCORES LOST THEIR LIVES IN BIG COAL MINE DISASTER AT SPANGLER, PA.

WHEN THE FIRST OF THE ENTOMBED MINERS WERE REACHED IN THE SPANGLER, PA., MINE DISASTER, A MULTITUDE OF RELATIVES, FRIENDS AND CO-WORKERS SURGED AS CLOSE TO THE MOUTH OF THE PIT AS AUTHORITIES WOULD PERMIT TO HEAR THE STORY OF THE FIRST MINERS BROUGHT TO THE SURFACE AFTER THE EXPLOSION AND CAVE-IN WHICH COST MORE THAN A HUNDRED LIVES. PICTURE SHOWS RESCUERS BENDING OVER THE RESCUED MEN, ADMINISTERING FIRST AID.

The entrance to the mine near Spangler, Pa., where more than 70 miners were killed by gas explosion and cave-in, was converted into a temporary morgue as victim after victim was brought out of the pit. The linen-covered bodies are shown lying on cots and raised planks waiting for identification and removal for burial.

Bringing out a victim of the mine explosion near Spangler, Pa., where more than 70 miners met their death. The bodies were rested on cots and raised planks, later to be carried off in trucks for identification and burial.

## FOOTBALL RESULTS

Newberry 36; Erskine 6; Arkansas College 6; Ouachita College 14; Final Alabama 47; L. S. U. 3.

## WE ARE JUST AS EAGER

To give Danville a first-rate Street Car system as any Councilman or any other citizen is to have us do so.

We would not ask to be allowed to use one-man cars during the non-rush hours if we did not believe they would be satisfactory to the great majority of our patrons.

Give us a chance to be the kind of Street Car Company that we want to be. We want your co-operation and confidence and we pledge our good faith not to abuse it but to use it to Danville's advantage.

## OWNERS MAY PUT BAN ON LIVELY BALL

PHILADELPHIA, Nov. 10.—Officials of the factory in this city that supplies the major leagues with baseballs hint that the ball may not be lively next year.

The fact that over 1000 home runs were made in the two major leagues has caused certain suspicion concerning the lively ball. Some of the managers feel that the free hitting that has plagued the games for the last three years will soon have to end. The home run of much of its thrill since it's getting so common.

While it is conceded that the public likes free hitting rather than a tight pitcher, the managers seem to think the hitting end of the game is being overdone.

It is said the major will be forced to do away with the lively ball because of the public's lack of interest in the game. While it is conceded that the public likes free hitting rather than a tight pitcher, the managers seem to think the hitting end of the game is being overdone.

It is the plan and the way it is done to give the public a better show of the business of the game than the one the cost cutting.

**CAPABLANCA ARRIVES**

NEW YORK, Nov. 10.—Capablanca, the Cuban chess champion, has arrived in this city to play in the tournament to be held here in December. The Cuban, a native of Havana, is one of the most brilliant players in the world, and has won in New York several weeks ago would play several exhibition matches here and in Philadelphia before proceeding to his home in Havana.

## 3 CONFERENCE SURVIVORS TO BATTLE TODAY

CHICAGO, Nov. 10.—Three undefeated survivors of the western conference championship race—Chicago, Wisconsin and Iowa will square tomorrow to determine the winner of the title that will result in further elimination in the scramble for the title. Michigan, the fourth undefeated contender will be idle.

Great interest will center in the possibility of a collision between Chicago and the two teams defeated this Saturday—Wisconsin and Iowa.

While it is conceded that the public likes free hitting rather than a tight pitcher, the managers seem to think the hitting end of the game is being overdone.

It is the plan and the way it is done to give the public a better show of the business of the game than the one the cost cutting.

**WALDEN HANDICAP WON BY OURSELF YESTERDAY**

NEW YORK, Nov. 10.—Walden, the English champion, has arrived in this city to play in the tournament to be held here in December. The Cuban, a native of Havana, is one of the most brilliant players in the world, and has won in New York several weeks ago would play several exhibition matches here and in Philadelphia before proceeding to his home in Havana.

The match will consist of \$6,000, \$5,200, General Thatcher \$1,200, Solera \$4,750.

He rushed to the address and found Mrs. Hammerstein unconscious on the bed, gas pouring from a jet. Police had been searching 36 hours for her. She is now at the house of Prof. Valderrama.

"I immediately called an ambulance and did what I could to revive her," Prof. Valderrama told a reporter.

"Then I had her brought to my house where she will remain for the present at least. She is very ill."

Efforts failed to induce Mrs. Hammerstein to tell where she had been and what she had done the thirty-six hours she was missing. "She is too weak to talk," said her benefactor.

She disappeared Monday from the apartment of Mrs. Julia Farley, a trained nurse with whom she had been staying, with only 15 cents in her pocket.

Several times recently she had threatened suicide, following the series of misfortunes that had fallen upon her.

These included the breaking of her engagement to marry a Persian Prince and her inability to recover a share of the Oscar Hammerstein estate, now tied up in litigation. A little more than three weeks ago she was found homeless, friendless and penniless on a park bench and taken in by Mrs. Farley, a stranger, out of the kindness of her heart.

Prof. Valderrama said he had met Mrs. Hammerstein at a recital of Indian music he gave at Carnegie Hall two years ago. She engaged him to play the organ at an entertainment the manager of the Opera House, he admitted he was the man who called for Mrs. Hammerstein's trunks and paid her overdue bill at the Hotel Netherlands, 59th Street and Fifth Avenue, yesterday.

The trunks were taken away in an express wagon by a man who refused to give his name.

## DOCTORS HIT COUE AS FAD

By DR. EUGENE LYMAN FISK,  
Medical Director, Life Extension  
Institute.

NEW YORK, Nov. 11.—Are we to scrap 30 per cent. of scientific medical practice in favor of mind healing?

The public and the medical profession must face this question because of the interest this question in the auto-suggestion method of M. Coue, the apostle of the newest cure-all fad in Europe who is soon to visit America.

This question may be asked: Why should not people follow auto-suggestion without restraint if it brings hope and in a certain number of cases actual cure of functional trouble?

The answer is that always when such an alleged all-embracing cure is heralded, thousands of people who are afflicted rush to seek relief from it to the exclusion of all other methods of cure or treatment, and thus valuable time is lost. Obvious physical defects or physical influences such as poison, infection and the like are neglected and there is reliance wholly upon the mental method.

Based on judgment on M. Coue's own statements in his book, we feel justified in warning people that there is positive danger in such a system when it is advanced as a substitute for scientific medical treatment of serious organic disease.

People who endorse this system, even to 50 per cent. of its alleged value, must be ready to believe that by repeating the optimistic formula, "Day by day in every way I'm getting better and better," they can reconstruct a broken-down kidney or a broken-down lung; that they can sterilize an infected area in the body; that they can render harmless a sensitive tonsil and that malignant tumors can be shriveled up and made to disappear by mental influence.

Much good has been accomplished in certain types of cases through psycho-analysis, but this sort of treatment has often been carried to an extreme and other necessary measures neglected. Actually there is no suggestion in medical practice; the physician in writing a prescription sets in motion the normal machinery of serenity and hope.

The public should get all the good possible from auto-suggestion and other measures of hygiene. But the instant a person makes a fad of any such measure he is in serious danger of deserting proven scientific remedies.

Most of the cases of cures reported in the claque book appear to be of a functional nervous type, though the

DR. EUGENE LYMAN FISK (ABOVE) AND M. EMILE COUE.

claim is made that the system is even more successful in the treatment of organic lesions, and even such conditions as club foot.

Anyone who attempts to treat organic diseases solely by a mental method must be regarded as a menace to the public health.

Love For Children  
Wins Over Riches

Court, Denying Stern Wom-  
an's Plea, Awards Hol-  
iday Girls to Foster Par-  
ents.

NEW YORK, Nov. 10.—Two little girls—Merion Read Holliday, who is nine, and her sister, Millicent, Fernel Read Holliday, seven—learned yesterday from a decision by Judge Mitchell May of Kings county, that in his opinion it will be better for them to keep on living with their foster-parents, Mr. and Mrs. Frederick Sherwood of Farmwood, N. J., than to live with their grandmother, Mrs. Susie Church Holliday, even though she promised to give them "part" of her million-dollar estate when she dies.

Merion and Millicent's parents are dead, and the little girls were placed in the care of Mr. and Mrs. Sherwood by the will of her mother, who died a year ago last January. Then their grandmother of No. 354 Ocean avenue, Brooklyn, who had never spoken to her son or his wife since their marriage twelve years ago, sought from the courts custody of the children.

Judge May, in dismissing her application yesterday, said:

"No amount of inquiry could induce her to state what part of her estate would go to the children. I watched very carefully the proceeding as it developed. \* \* \* To note those little acts of omission or commission which might aid me in pushing aside the curtain of the past and forming a better estimate of the entire matter. I did this the more particularly that I might not be unduly influenced by the human emotions which move us all, especially those who have children of their own."

"It must be borne in mind the petitioner (Mrs. Holliday) is an old woman, whose span of life is uncertain, who has had little to do with children for many years, whose demeanor indicates a person habitually determined, resolute, dominating, uncompassionate and self-satisfied, and whose general bearing lends itself to an impression that her action in this proceeding was the result, not of the dictates of conscience, but of a desire to perform a known duty, prompted perhaps by a wish to assert her legal rights."

"During the hearing she sat with so much as a glance at her grand-children, her lips tightly compressed, her face stern and severe, betraying no sign of a smile of kindness or ten-  
derness as these children played play-  
fully about. She remained as though ignorant of their presence."

She proved conclusively on the stand she was a woman always self-assured, accustomed to the giving of orders which were promptly and ex-  
ecuted, and possessed of cer-  
tain strong beliefs which she would  
dare to even though the fulfilling  
them entailed exertion and pain.

There is nothing in the past record  
of this petitioner to justify the  
suspicion that she will withdraw  
and these children in the atmosphere  
of fear and suspicion. In  
fact, it is the very opposite. She  
is given to fits of affection  
over than her two girls. That  
she is not a character to be  
trusted toward her girl with whom  
she had no relationship during the

Harding Fails  
To Learn Lesson

WASHINGTON, Nov. 10.—President Harding, by calling a special session of Congress "for the passing of the ship subsidy bill, has shown that he has not profited by the lesson of Tuesday's great Democratic victory." Cordell Hull, chairman of the National Democratic Committee, declared tonight, in a formal statement, Mr. Hull said that the President "presumably acted on the advice of men like Daugherty and Lasker," and had decided to "flaunt public sentiment by asking a repudiated Congress to sanction repudiated measures and policies."

The administration, Mr. Hull continued, "should preserve the true spirit of parliamentary government" by asking adoption of a legislative program which, he said, should include defeat of the Merchant Marine legislation, repeal of the Fordney-McCumber tariff bill, increase of farm loan credits from \$25,000,000 to \$100,000,000, and the unseating of Senator Newberry.

MISTRIAL IN THE  
DORA REED CASE

HOPEWELL, Va., Nov. 10.—A mis-  
trial resulted in the case of Dora  
Reed, waitress charged with the mur-  
der two weeks ago of John Smart  
tonight. The jury reported that it  
was unable to agree upon a verdict  
and was discharged by the court.

The court went to trial yesterday  
morning and reached the jury late  
this afternoon. After several hours  
of deliberation, the twelve men re-  
ported to the court that there was no  
hope of them reaching an agreement.  
The panel was discharged.

Counsel for Mrs. Reed immediately  
asked the court to fix bail for the  
woman and the motion was set for  
hearing next week.

The woman is accused of shooting  
Smart in a local rooming house. Wit-  
ness for the state testified at the trial  
that Smart told them just before he  
died that the woman shot him. Her  
defense was that Smart was

The shooting occurred in the room
